

David,

Rutherford County has verified three more signatures. However, you are still short of the required 275 signatures. Some of those who signed your petition have indicated they would do an address change or register to vote in order for their name to count. We have to go with what was valid at the time it was verified so registering now will help them be eligible to vote in November but will not help for your petition. Ballots will start being printed later this week so if you have any more signatures you think should count please let me know immediately. Once ballots start being printed it will be too late. Thank you for caring about the process. I have enjoyed talking with you throughout your journey.

Sincerely,

Mark
